Instructions

- Participation is by individual, not by a lab. There must not be any consultation within a lab in order to allow for accurate data analysis. Other resources are allowed, e.g., websites, reference materials.
- Please write your name and laboratory name on the answer sheet for report distribution
- Please identify to genes or species level to the best of your ability with scientific name.
- Please send completed answer sheet by **April 4, 2013**
- Please inform CSAAC of your participation for your continuing education points.

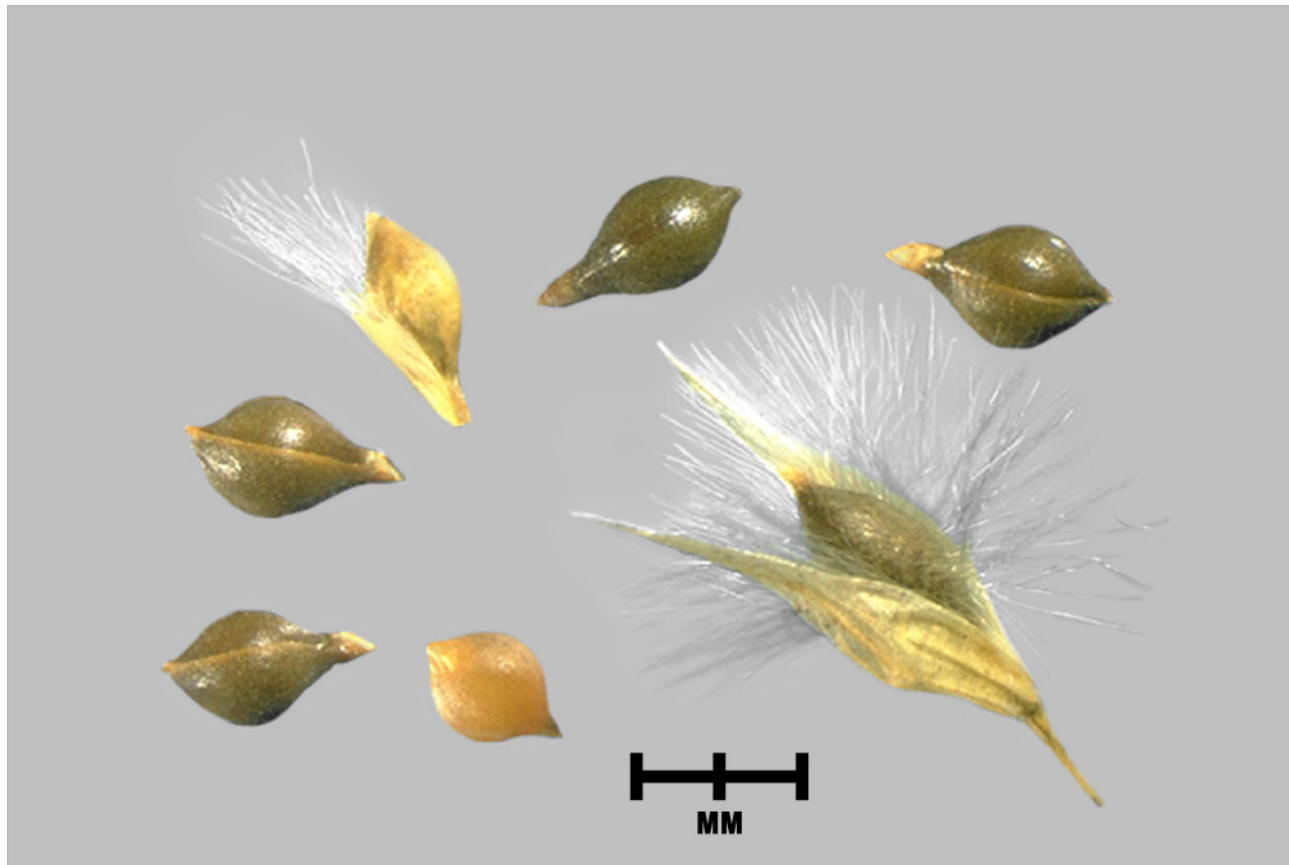

*Note: a report will be distributed to all participants using coded numbers.
Performance is NOT intended to be used for CFIA proficiency monitoring.
