

1. Silene latifolia white cockle

When found in a sample of alfalfa it is:

2.
 - a. weed seed
 - b. crop seed
 - c. noxious weed

3. kochia scoparia- kochia

When found in a sample of proso millet it is:

4. a. weed seed
- b. crop seed
- c. noxious weed

5. Glycine max- soybeans

When found in a sample of field peas it is:

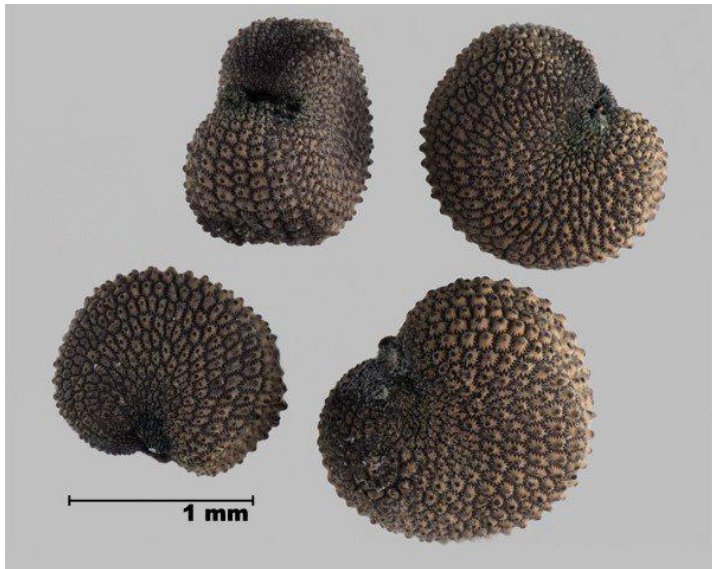

- 6. a. weed seed
- b. crop seed
- c. noxious weed

7. Onobrychis viciifolia- sainfoin

When this seed is found in a sample of alfalfa it is:

8. a. weed seed
- b. crop seed
- c. noxious weed

9. Silene noctiflora- night flowering catchfly

When this seed is found in a sample of red clover it is:

10. a. weed seed
 b. crop seed
 c. noxious weed

11. Abutilon theophrasti- velvetleaf - buttonprint

When this seed is found in a sample of corn it is:

12. a. weed seed
 b. crop seed
 c. noxious weed

13. Centaurea stoebe- spotted knapweed

When this seed is found in a sample of wheat it is:

14. a. weed seed
 b. crop seed
 c. noxious weed

15. Bromus japonicus- Japanese chess/Japanese brome

When this seed is found in a sample of a grass mixture composes of tall fescue, ryegrass, brome, and orchardgrass it is:

16. a. weed seed
b. crop seed
c. noxious weed

17. Cicer arietinum- chickpea

When this seed is found in a sample of field beans it is:

18. a. weed seed
 b. crop seed
 c. noxious weed

19. Avena fatua- wild oats

When this seed is found in a sample of oats it is:

20. a. weed seed
- b. crop seed
- c. noxious weed

21. Bouteloua dactyloides- buffalo grass

When found in a sample of Kentucky bluegrass it is:

22. a. weed seed
 b. crop seed
 c. noxious weed

23. Fagopyrum esculentum- buckwheat

When this seed is found in a sample of oats is:

24. a. weed seed
 b. crop seed
 c. noxious weed

25. Poa annua- annual bluegrass

When this seed is found in a sample of Kentucky bluegrass it is:

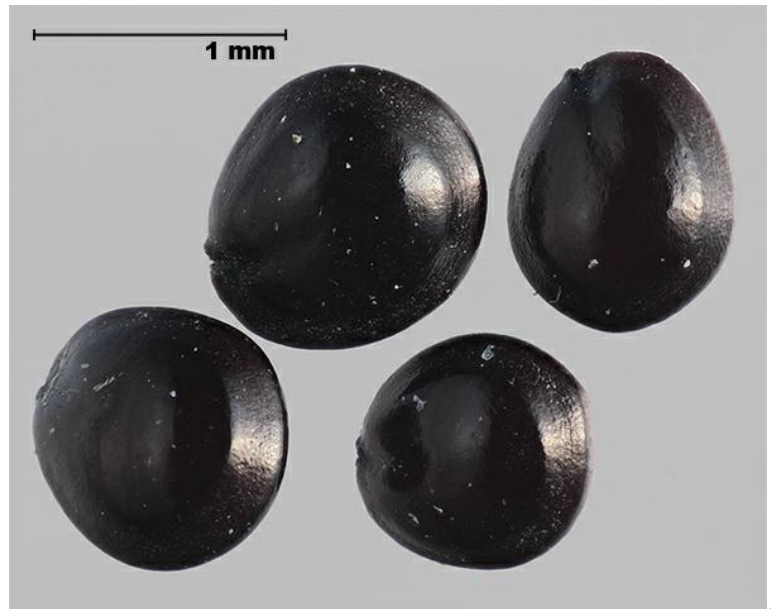

26. a. weed seed
 b. crop seed
 c. noxious weed

27. Aegilops cylindrica -jointed goatgrass

When this seed found in a sample of intermediate wheatgrass is:

28. a. weed seed
 b. crop seed
 c. noxious weed

29. Amaranthus spp- pigweed / Amaranthus palmerii/Amaranthus retroflexus (redroot pigweed)

When this seed is found in a sample of sunflower is:

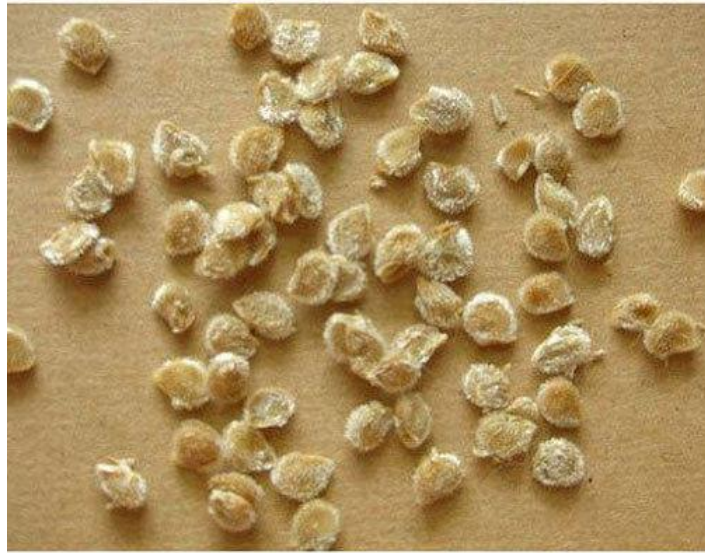

30. a. weed seed
 b. crop seed
 c. noxious weed

31. Avena sativa-oats

found in a sample of Indian rice grass is:

32. a. weed seed
 b. crop seed
 c. noxious weed

33. Solanum lycopersicum-tomato

When found in a sample of pepper is:

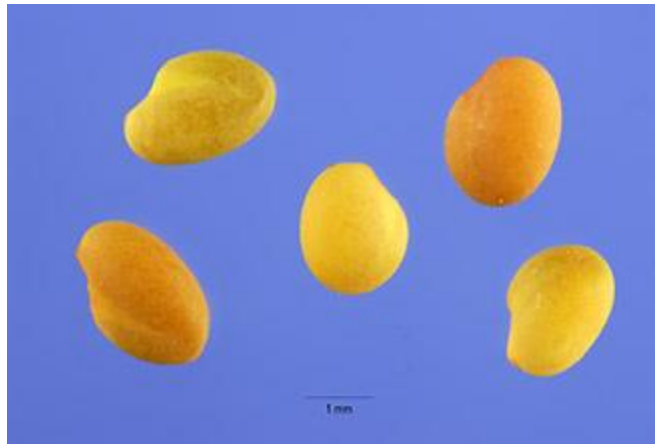

34. a. weed seed
 b. crop seed
 c. noxious weed

35. Galium spp-cleavers; bedstraw

When found in a sample of pepper is:

36. a. weed seed
 b. crop seed
 c. noxious weed

37. Melilotus spp-sweetclover

When found in a sample of alfalfa is:

38. a. weed seed
 b. crop seed
 c. noxious weed
